9. The Champion of Champions Singles has been included in the 2026 season to ensure that NSW has a representative at the 2027 Australian Champion of Champions competition – despite the short season BNSW deemed that it is important that our members have the opportunity to have this event continue due to its pathway to National and International competition. The Champion of Champions Pairs does not carry the same pathway and therefore was not included in the 2026 season It is each Club's choice on whether they wish to conduct a 2026 Major Singles championship, however it will only be 2026 season club champions that are eligible for the 2026 State event. This event can be called whatever the club wishes and does not need to be part of official club records, but must be played under the conditions listed in COP.
10. Closing Dates for Pennants. The Start dates are only an estimation and are subject to change following BA and BNSW releasing their calendar.
11. BNSW Rookie Singles/Pairs and Over 40's are all now open for entries.
